

## **VP Max**

### **Braille Embosser**

### **Tractor-Fed Embosser**

The VP Max is the perfect embosser for education! Not only is it approved for the Smarter Balanced testing program but the VP Max also makes it easy to create exceptional braille and high-resolution tactile graphics for your students! It's compact size and sound-absorbing case also makes it great for schools, offices or homes where space is limited and noise levels really matter.

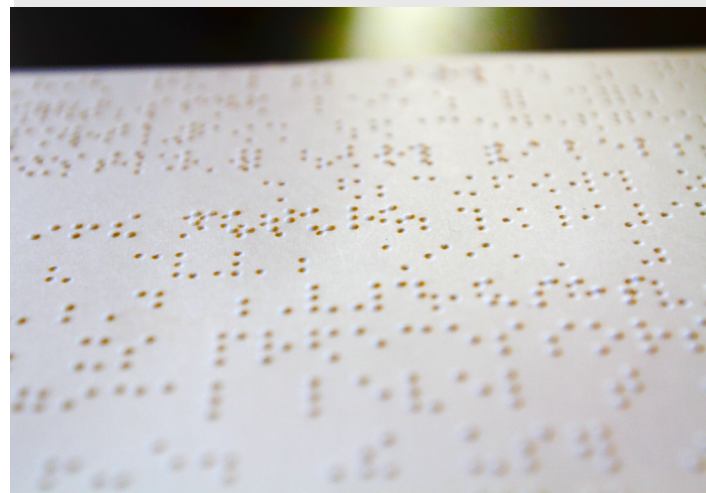

### **High-Resolution Tactile Graphics**

The VP Max offers high-resolution tactile graphics. With 8 different distinctive dot heights users can transform images into readable tactile graphics. The dot height is automatically adjusted based on the visual color of the image. The darker the color the higher the dot and the lighter the color the lower the dot making it easy for users of all skill levels to make custom tactile graphics.

### **About the VP Max**

### **Price: \$5,995.00**
